

This event, designed to **promote and develop women's sailing**, is now an annual regatta for female sailors to enjoy some short-course "around the buoys" fleet racing in the beautiful warm waters of Mooloolaba.

Mooloolaba Yacht Club has had a strong interest in promoting women's development in sailing, and we are looking forward to sharing our idyllic sailing venue with an enthusiastic, like minded group of female sailors. This regatta is open to female sailors from all clubs who wish to form their own teams (typically of 3 or 4) to sail on our club's Elliott 6m sailboats. So gather together a group of sailing friends and come join us for some fun in the sun!

As part of your entry to the event, you will have access to an Elliott 6m (pending availability) for training prior to the event to allow your team to train and brush up their skills.

### Missed out this year?

Send us an expression of interest for next year's Regatta and we'll keep you updated.
